DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 6, 8, 10, 12, 14-16, 18-19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

1. Claim 15 uses the terms “dissolvable solvent” and “indissoluble solvent”. These make no sense, And may be an incorrect translation.
2. Claim 19 now has “wherein1” which is unclear. Is the “1” a stray character? Is there intended “wherein a” or perhaps “wherein one”? These are all different choices.
3. For claims with XRPD data, the source of the radiation, e.g. Cu- α must be set forth, as the numbers can depend on this.

Specification

The abstract needs to be cleaned up. Material appearing before “A solvate...” Should be deleted.
